 Wednesday, 2 July | 2:00 PM

WUDINNA

 Wudinna Telecentre, 44 Eyre Highway
 Tuesday, 8 July | 10:00 AM

CUMMINS

 Cummins Hotel, 36 Railway Terrace
 Wednesday, 9 July | 10:00 AM

New WHS laws bring greater liability, tougher penalties and more pressure on farm businesses to get it right.

We'll cover:

- What the changes mean for you
- The real risks we're seeing on farms
- How to stay on the front foot with Safe Ag Systems
- A straight-talking Q&A with Josh Ingham

- ✓ Designed for business owners, farm managers, supervisors & ag contractors
- ✓ Run by Ingham & Co, your boots-on-the-ground farm safety experts
- ✓ Bring your questions – leave with clarity

WHO'S BEHIND THIS?

BACKED BY EXPERIENCE. BUILT FOR SA FARMS.

INGHAM & CO is a South Australian consultancy helping farming businesses across SA, VIC, NSW & WA take the stress and guesswork out of farm safety and compliance.

We're proudly local—with roots in agriculture that run deep. Founder **Josh Ingham** comes from a family of farmers who were early pioneers in Australian agriculture. He understands firsthand the pressures of life on the land and the balancing act between getting the job done and staying compliant.

We know safety isn't always top of mind—but with rising legal risks and tighter regulations, it's never been more important to take a proactive approach.

We make safety simpler, more doable—and something your whole team can get behind.

This isn't about ticking boxes. It's about protecting your people, your legacy and your bottom line.
