## AUSTRALIA

Self-isolation homes, mobile support offices  
and lunchrooms, temporary housing

Motorhome, Campervan, Caravan, 4WD & Car Hire

# Why choose Apollo?

In line with increased needs for essential services due to Covid-19, Apollo is working with numerous government and private organisations to provide temporary office, accommodation and isolation solutions.

**With the largest fleet in Australia, Apollo has the experience and ability to mobilise more than 5,000 RVs (campervans, motorhomes, caravans and 4WDs).**

A fully-equipped base can be created wherever and whenever required. Apollo operates in each state and can arrange delivery.

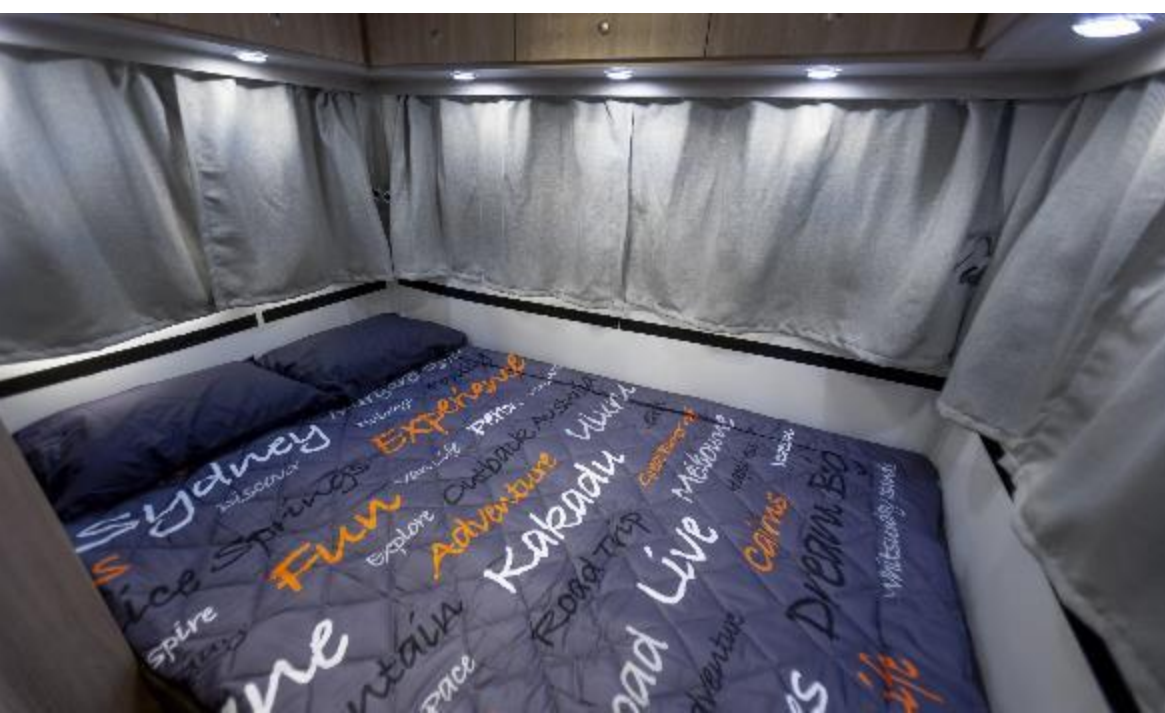

# Temporary Emergency Housing

Vehicles can be selected based on their features, which can include:

- air conditioning, heating
- cooking facilities e.g. stovetop and microwave
- fridge
- shower and toilet
- dinette/living area

All Apollo vehicles come with bedding, linen, crockery and cutlery included so they are fully self-contained. They can operate away from powered sites (although some features such as microwaves, need 240V power).

Units can be plugged into generators.

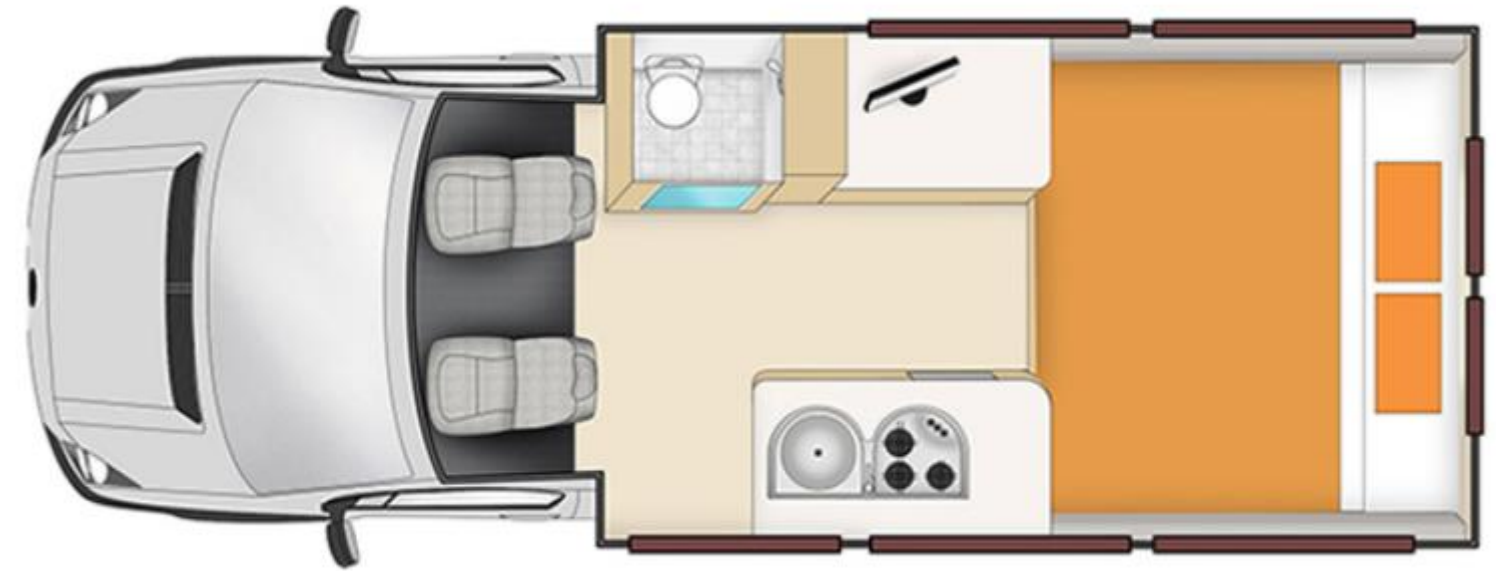

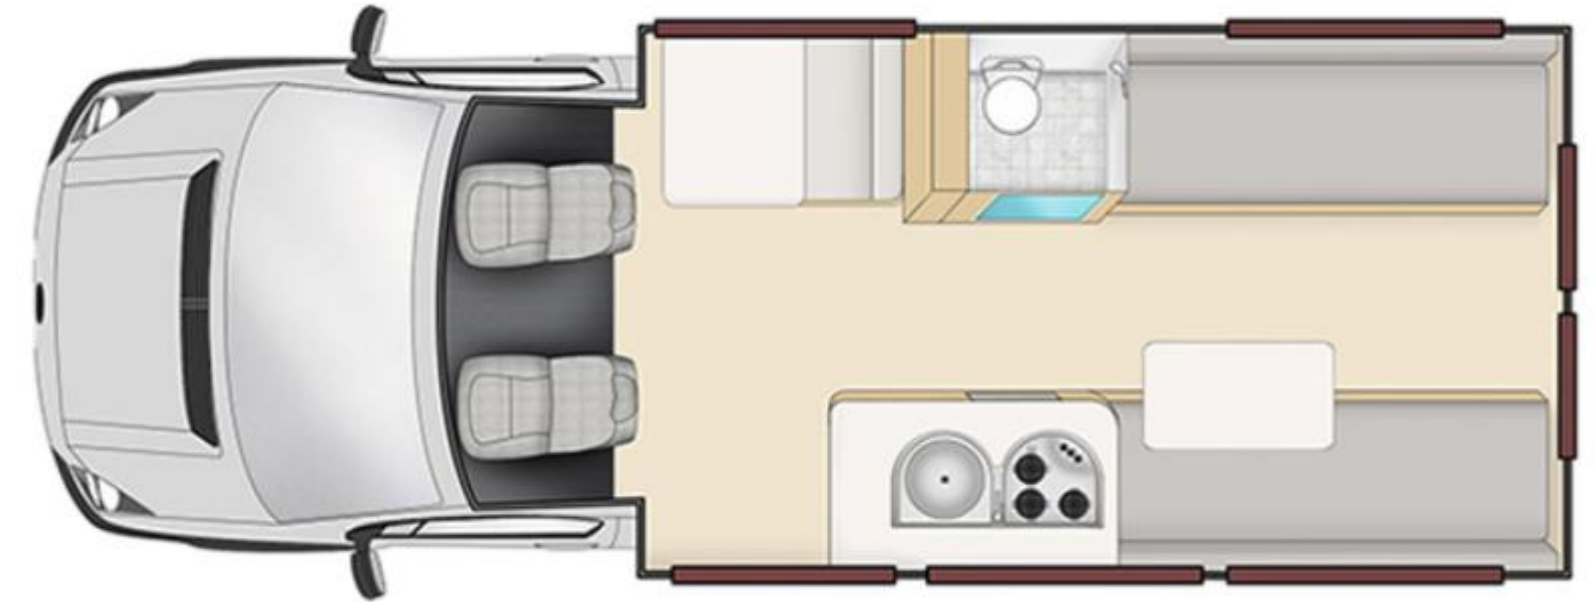

# RVs for short/long term isolation

Following recent announcements from the Australian Federal Government, new arrivals and some community members have been advised to self-isolate for 14 days to contain the spread of Coronavirus (COVID-19).

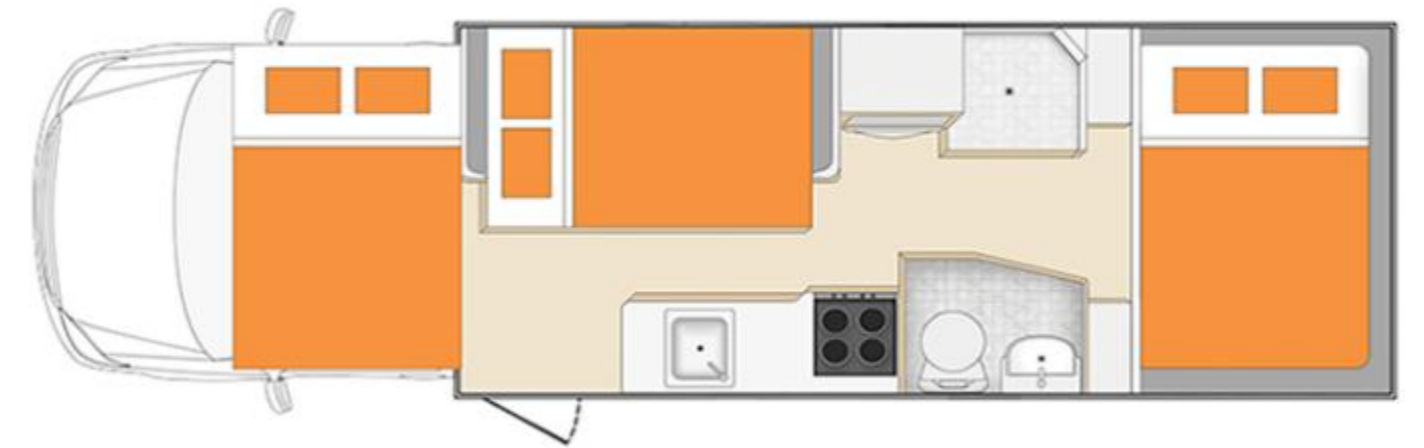

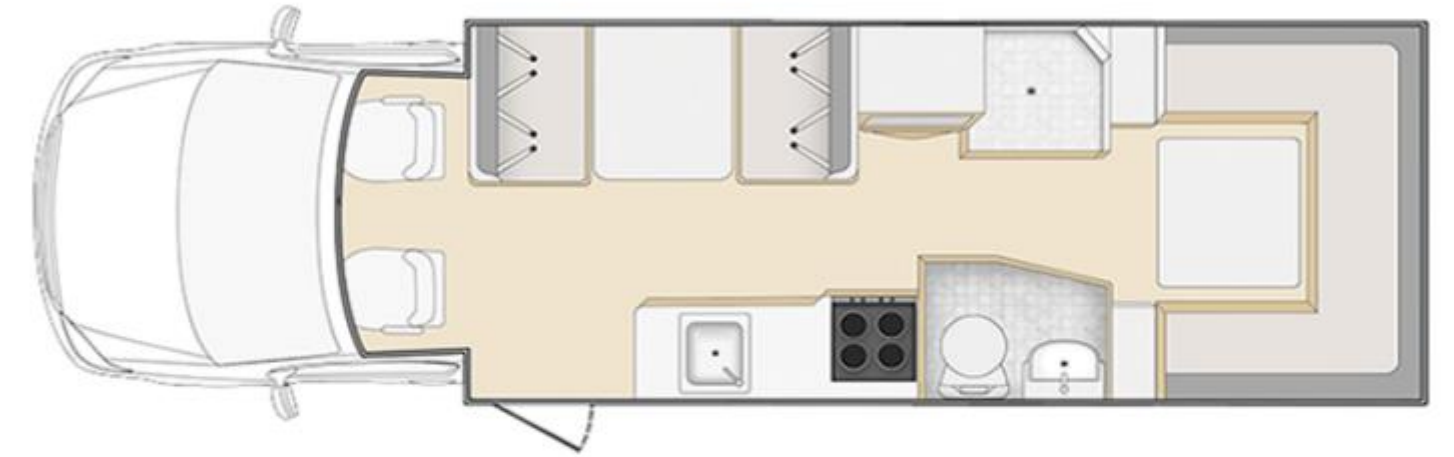

Achieving self-isolation can be challenging, particularly for those who share a home with others.

Self-contained RVs (motorhomes and caravans) offer suitable accommodation in such circumstances.

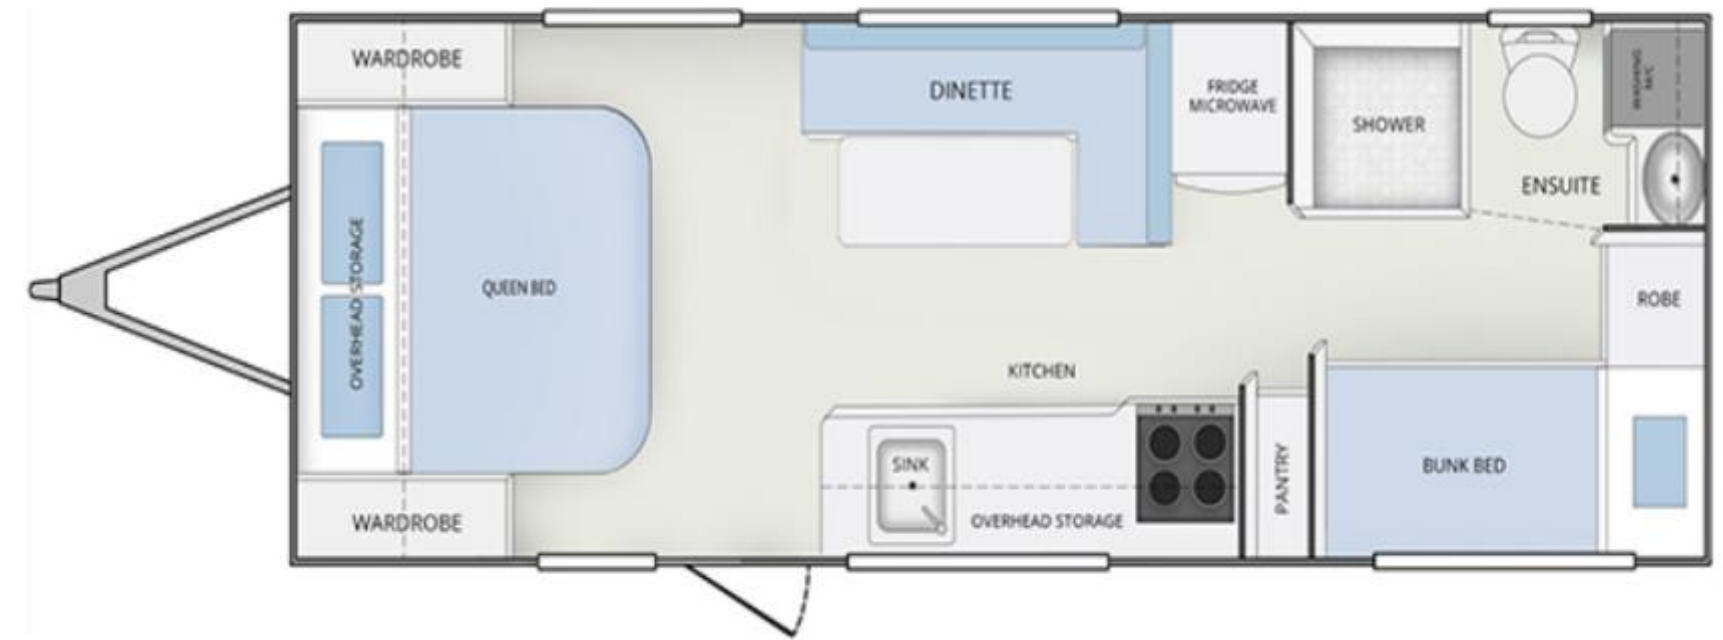

# Euro Tourer - 2 Berth

# Euro Deluxe - 6 Berth

# Winnebago Mossman C Caravan - 5 Berth

# Tailored Packages

Options and inclusions are tailored to each client and may include:

- Group rates
- Prepaid Fuel
- Vehicle delivery
- Flexible security bond
- Power convertors

# Australia & New Zealand Locations

Apollo has RVs across 11 locations in Australia and New Zealand
